The main barriers to learning on entry were

- Children's low knowledge and skill levels in all areas therefore the prime areas of learning are the main focus and especially Personal Social and Emotional Development. **Strategies to address as follows;**

Expenditure of EYPP funding 2019-20120		Impact of EYPP interventions
Dance for Life	All EYPP children were given the chance to attend the weekly dance session to improve their Personal Social and Emotional and Physical skills in a small group activity by nurturing confidence and relationships with others.	<p>Due to Covid 19 assessments were completed up to Spring 2020 and not in the Summer term.</p> <p>100% of children in receipt of Pupil Premium made progress at or above age related expectations in Personal, Social and Emotional development and Communication and Language and 90% in Physical Development.</p> <p>70% of the children achieved age related expectation or above in Physical Development, 53% in Communication and Language and 40% in Personal, Social and Emotional Development.</p> <p>Areas for further development include PSED, Literacy and Understanding the World where only 40% of the children achieved age related expectations or above.</p> <p>NB Numbers are statistically low and therefore all analysis and assumptions there-in should be treated with caution.</p>
Copies of Core Story	Children were given copies of core stories each half term in order to support language and the love of books in the home learning environment	
Forest School	Forest School sessions were held in order to support children's Personal, Social and Emotional skills working in small groups.	
Artist in residence. Summer term	Creative activities at home to boost self- esteem and creative skills
