**Wednesday  
16<sup>th</sup> June**

In **red room** we have been reading our core story '**The Enormous Turnip**' and learning about vegetables which grow in the ground. In keeping with children's repeating patterns of play with the enclosure schema, the children have been pulling out pictures of vegetables to learn their name. This week we will be playing a matching game so that the children can match the vegetable pictures with the correctly labelled envelope. We will also be counting and comparing sizes of different vegetables.

**Thursday  
17<sup>th</sup> June**

In **blue, yellow** and **green** rooms, the children continue to be interested in making marks with different media. They have been drawing pictures of themselves and painting on tiles. They have also been collecting natural materials outside and making a large collage. This week we will be painting pebbles our fingers and will also make marks with various materials in the playdough such as shells and beads.

**Friday 18<sup>th</sup>  
June**

Watch **green room** staff read and act out their core story of "**The Drum**" in this wonderful video. Can you clap, stomp and move to the beat of the drum? See the video on our Facebook page at

**Sign up to the Wildlife Trust's 30 Days Wild** in June. The children have been sowing seeds for our wild flower meadow along the path at the side of the school. Then they have also made signs to celebrate their wild area. See what new plants you can recognize or mini-beasts and animals that you might notice as you walk by.
