This week

In **red** and **purple** rooms the children have been very busy mark making in sand and shaving foam and wheeling cars through to make tracks. The children extended this outdoors as they pushed cars along the floor and played 'ready steady go' games. This week we will be making tracks on the floor with water and chalk and introducing them to the Makaton signs for 'start' and 'stop'. For more ideas why not visit

This week

In **yellow**, **green** and **blue** rooms, the children have been interested in making 3D models in the woodwork area and painting large cardboard boxes. To extend this learning further we are going to make a collaborative model. Your child's imagination can be fired by using large and smaller boxes to create a car, a fire engine a house or a ship. Why not visit **50 things to do Before You're 5 #25 Creative Junk** for more ideas.
