This week

Our sign of the week is **Caterpillar**

From blue and yellow room's core story of the Three Billy Goats Gruff. Join in with Lucinda making the sign at <https://www.youtube.com/watch?v=G8Uy88miDs8>

This week

In **red** and **purple** rooms the children have been identifying circle shaped toys and rolling paint rollers and large reels outside as part of a rotational schema or repeating patterns of play. Therefore this week we will be adding ribbons outside for them to spin round and make circular patterns with and we will be looking at circular shaped objects in our environment. To find out more about rotational schema in everyday home opportunities visit The Hidden Gem at https://www.youtube.com/watch?v=AqGL9kFK_dc

This week

In **blue**, **yellow** and **green** rooms the children have explored sensory play including clay and paint with their hands and fingers at the easel. They have been making swirling movements with their hands to move the paint around their paper. This week we will be introducing a sensory tray with paint and cornflour. Messy play helps the body and brain process important concepts, such as spatial awareness, maths and language, which are useful later in life. Why not visit <https://www.bbc.co.uk/tiny-happy-people/finger-painting/zhw7639> for more messy play ideas to try at home.
