

This Weeks 'What's Happening'

It is already near the end of this academic year and we will be sad to see our children and families leave, but excited for the next stage in their learning journey. This week our leavers will be receiving their reports and we will also be sending out an end of year questionnaire to all our families. Your feedback is very important to us so that we know when we're doing things right and can plan for areas we need to develop. Thank you.

#4 Make Your Mark
Children love to be able to make their mark, as babies, toddlers and pre-school

In **blue**, **yellow** and **green** rooms the children have been continuing to explore paints with their hands and other tools. They have been talking about textures and the way the paint feels. This week we will be introducing textured paint balls, string and bubble painting. Children love to be able to make their mark. It supports them to become strong writers and makers of art.
