

This Weeks 'What's Happening'

This **Friday 22nd July** marks the start of the summer holidays and we would like to wish all the children who are leaving to go to Primary School the very best on their new learning journey. For tips on starting primary school visit <https://www.bbc.co.uk/bitesize/collections/starting-primary-school/1>

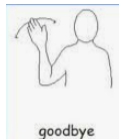

We look forward to welcoming back all our returning children on **Tuesday 6th September**. Thank you to all our staff, parents/carers and children for making this another wonderful year at Strong Close despite the challenging circumstances of the Covid pandemic. Wishing you all a happy summer holidays and for our leavers, don't forget to come back and visit!

To view this week's menu please visit the news section of our website and **Menu for the last week**. Why not try some of the Better Health, Healthier Families recipes at home! at <https://www.nhs.uk/healthier-families/recipes/>

This week

Our sign of the week is **Goodbye**

Join in with Lucinda making the sign at <https://www.youtube.com/watch?v=ym3IR-6TpXQ>

This week

This week the children in all classes will be helping to wash and clean the toys and peg out the washing on washing lines, so let's hope the weather stays dry!

This will help the children to understand about why it's important to clean and tidy in order to look after our nursery environment and also links to the many families that will have been preparing their homes for the recent Eid celebration. Visit Tiny Happy People's Washing Up Game to find out how this can also help develop your child's language at

<https://www.bbc.co.uk/tiny-happy-people/washing-up-game/z4cnrd>
and

Wednesday 20th July

We are welcoming a very special visitor to Strong Close today- Mr. George Steele who used to be a pupil here when it was Worth Village Board School in 1945-1946, when the industrial estate surrounding school was actually all housing. Mr. Steele then went on to become a civil engineer and has a keen interest in old maps that he will be bringing with him

Wednesday 20th July

In Keighley and Bradford more than 1 in 3 five-year-olds show evidence of decayed or filled teeth. Have a look at our sugar swaps board in the entrance or visit <https://www.nhs.uk/change4life/food-facts/sugar/sugar-swaps-for-kids> for

more tips. Tooth decay causes pain which can have a significant impact on speaking, eating and well-being. The Bradford Oral Health Team will be here this **Wednesday** to apply **fluoride varnish** a golden gel which is painted onto your child's teeth twice a year and when combined with daily tooth brushing will help prevent tooth decay.

Watch all the staff say and sign Goodbye to all our families. See the video is our Facebook page at <https://www.facebook.com/StrongCloseNS/videos>
