This week in the 2-3-year-old rooms

In **red** and **purple** rooms, the children have been exploring paint with some interested in the paint on their hands and others not wanting to get messy. So this week we will be setting up large and small scale hand and finger painting. Visit Tiny Happy People to see how this simple activity can help boost your child's confidence, development and language at <https://www.bbc.co.uk/tiny-happy-people/finger-painting/zd9jwty>

This week in the 3-5-year-old rooms

In **blue**, **yellow** and **green** rooms the children continue to explore a variety of constructions kits for connecting and disconnecting. They have also been introduced to using small hammers to tap nails in shapes on cork boards. This week we will be introducing the woodwork bench where the children will further develop the skills they have been practicing as they use screw drivers and hammers to connect and disconnect resources.
