

This Weeks 'What's Happening'

Unfortunately, we say goodbye to our **Parental Involvement Coordinator Emma Eaton**. A huge thank you for all her work with over the last five years and we wish her all the best for the future. All parental enquiries and engagement will then come under our new restructured office team of

Jane Caink
Business
Manager

Kaye Hardman
Administrator &
Parental Involvement

Sajida Sultana
Assistant Administrator
& PI Support

**Wednesday
22nd March**

In Bradford more than 1 in 3 five-year-olds show evidence of decayed or teeth. Have a look at our sugar swaps board in the entrance or visit <https://www.nhs.uk/change4life/food-facts/sugar/sugar-swaps-for-kids> for more tips. Tooth decay causes pain which can have a significant impact on speaking, eating and well-being. The Bradford Oral Health Team will be here this **Wednesday** to apply **fluoride varnish** a golden gel which is painted onto your child's teeth twice a year and when combined with daily tooth brushing will help prevent tooth decay.

**This week
in red and
purple
rooms**

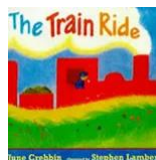

Last week the children in **red** and **purple** rooms showed interests in counting during their play. This week we will be making arrangements with playdough to develop their counting experiences. Growing, Little Peopl...

The children in **green**, **blue** and **yellow** group have been watching the ducklings swim and grow so we are going to extend their learning by doing some planting and talking about how plants grow. We will be planting inside and outside in the nursery allotment. Why not visit **50 Things To Do Before You're Five #19 Growing Little People Plants and Things** for more ideas.
