In **yellow, green** and **blue** rooms, the children continue to explore sensory play. This week the children will be adding different smells and materials such as herbs and flowers from the garden to the playdough. Why not have a go at creating your own sensory fun by making your own playdough at

In **red** and **purple** rooms the children have been interested in spinning, turning and exploring the spinning of sand and water wheels. This is part of a repeated pattern of play called a rotational schema. This will be extended with spinning painting activities, and turning and spinning outside with ribbons.
