

# Making Pumpkin Soup

October 2023

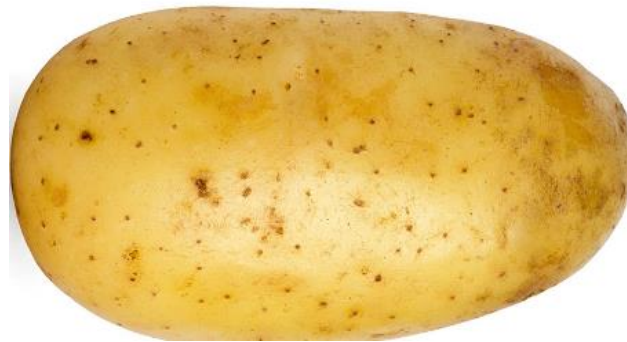

First, we looked  
at all the  
vegetables we  
needed to make  
the soup.

a pumpkin

some carrots

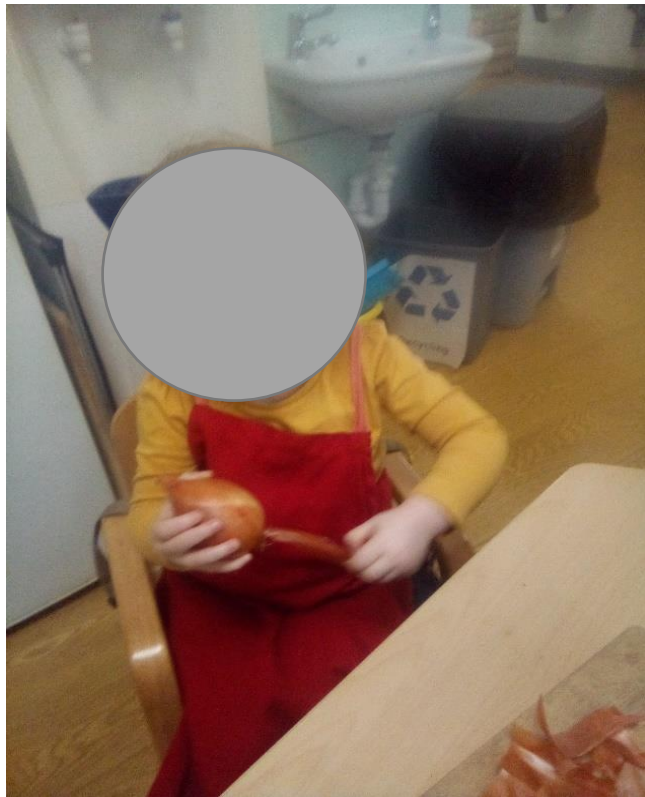

a potato

an onion

Then, we peeled the vegetables.

We helped to chop the vegetables.

Then we put everything into a big pan and took it to Vicky, who would cook it and blend it for us.

Then came the  
best part,  
tasting it.

Some of the  
children  
thought it was  
very tasty.

Finally, we read the story all about some animals who made pumpkin soup.
