

Our Visit from the Police

12th July 2023

The police came to share with us their roles and responsibilities and how they help look after us in the community.

The children had a great time exploring the police car.

We were very lucky and got to wear the police woman's hat.

The policeman handed out police hats and jackets for the children to try.

We took turns and waited patiently to have a turn in the car.

We had lots of fun pressing the siren and watching the lights.

The children showed great enthusiasm when wearing costumes.

All the children listened and showed positive behaviour. The policewoman gave all our children stickers before leaving.
