

# Visit from Laura and her baby Lilia

October 2023

Laura brought Lilia to visit the children at nursery. We all waved at Lilia and said "hello".

Lilia came to have a bath at nursery. Laura filled the bath with warm water and checked to make sure it was the correct temperature. Then she put Lilia in the bath.

Laura brought lots of equipment for Lilia with her. Here are some of the things she brought.

a baby bath

a towel

2 hair brushes

a blanket

a baby grow

a pair of socks

The children used a sponge to washed her gently.  
MS squeezed the water on her legs and J washed  
her feet.

E helped to wash Lilia's hair, she carefully used the brush on the top of her head.

*L gently squeezed  
the water over  
Lilia's body.*

Laura covered  
Lilia with a towel  
to kept her warm  
while she was in  
the bath.

After her bath  
Laura wrapped Lilia  
in a towel to keep  
her warm. Then  
she dried her.

Once Lilia had been dried,  
Laura dressed her in a vest  
and baby grow.

W and E helped to put on Lilia's socks. We talked about whether they would fit the children and E said "no we need bigger".

Laura said “that  
Lilia slept in a  
cot”. Do you  
sleep in a cot or  
a bed?

a bed

a cot

H and M-R helped to brush Lilia's hair.

Lilia has a big sister  
called E she is 5 years  
old.

Do you have any  
brothers or sisters?
