This week in the 3-5-year-old rooms

Last week the children in **blue**, **yellow** and **green** have been exploring the small coloured bricks by stacking and arranging them in lines. Next week we will be adding different sized bricks and other building materials such as small stones and ceramic tiles to deepen the children's knowledge of learning to construct, make arrangements and build with different materials. For more ideas on how to develop this at home why not visit **Tiny Happy People** at

This week in the 2-3-year-old rooms

Where Am I?

In **red** and **purple** rooms, we will be welcoming new and existing children to school and children will continue to settle into our nursery play and routines, learning where their coat peg is, where to go to the toilet or have nappies changed, wash and dry hands and how to use all our wonderful play resources. At home to help children make sense of themselves and their family talking together helps children to be self-aware, develop language and feel safe.
